Many Pets Available for Adoption at Animal Control Center

BLOOMINGTON-The McLean County Animal Control Center has a number of pets for adoption that are waiting to be taken into loving homes.

Last week, three male border collie-mix puppies, approximately six to eight months old, arrived at the facility. Five cocker spaniel-mix dogs ranging from one to five years old are also anxiously awaiting adoption. A male black lab, male black lab poodle mix ("labradoodle"), male shepherd mix and male golden retriever mix are also available for adoption along with a variety of cats.

Anyone interested in adopting these animals should call the Animal Control Center at (309)888-5060.

The McLean County Animal Control Center routinely places animals for adoption. Prospective pet owners are encouraged to consider Animal Control when looking for a new pet.

"We have made many families happy by matching them with new pets," said McLean County Animal Control Director Marshell Thomson. "Our adoption program places many pets throughout the year, so even after these are adopted, we encourage people to check back with us," she added.

Illinois law requires adopted animals to be spayed, neutered and vaccinated for rabies. Fees for adoption are as follows:

Boarding (Adoption Fee)	\$10
Registration	\$9
Vaccination Deposit	\$8
Neuter Deposit	\$35
Microchipping Deposit	\$40
Total Fee	\$102

The Animal Control Center is located on Morris Avenue, three miles south of Bloomington. It is open Monday-Friday 9:30 a.m.-1 p.m. and 2 p.m.-4:30 p.m. Animal adoption services end at 4:00. The facility is closed Saturday and Sunday. For more information on Animal Control, visit www.mcleancountyil.gov/animal.
