

**McLean County**  
**Criminal Justice Coordinating Council – Executive Committee**  
**February 13, 2013**

Present: Chief Judge Elizabeth Robb, Judge Robert Freitag, Kim Campbell, Jason Chambers, Lori McCormick, Greg Allen and William Scanlon

ISU Stevenson Center: Dr. Frank Beck

### **CJCC Strategic Plan**

Dr. Beck reviewed the planning document and notes from the strategic planning session. There was a review of potential models for structure of the document – the Sedgwick County, KS model was preferred. There are six central goals, but two (decision making that is driven by available data; evidence based practices in policy decisions) are better suited as part of the mission of the CJCC.

There will be four proposed committees:

- Jail Usage
- Case Processing (time to disposition and other measures)
- Community Education
- Legislation

Dr. Beck will look at potential mission statements and a brief history of the organization as the starting point for the strategic plan.

The will be goals which are integrated with the functions of the committees listed above.

There will be a meeting on **Thursday, March 7 at 7:45 a.m. (Jury Room 5A)** to discuss the mission statement.

### **National Institute of Corrections Report on the McLean County Jail**

Sheriff Emery reviewed the status of the report. It has been distributed to all CJCC members.

There have been on-going discussions with IL Department of Human Services about providing fitness restoration services within the MCJ, but space and resources are still under discussion. Telepsychiatry is an option under a new mental health programming model, but again, it will take a reallocation of resources and a new approach to certain cases.

There was a long discussion of possible grant funding and funding agencies. The Executive Committee may approach certain personnel at Illinois State University to collaborate with grant writing and administration of an expanded mental health program.

### **April CJCC Meeting**

Tentative Agenda:

ISU Stevenson Center Data Report  
Review of progress in relation to the National Institute of Corrections Report  
Presentation of draft CJCC Strategic Plan  
Legislative Update

### **Other**

William Scanlon and Judge Elizabeth Robb discussed a meeting with the County on February 12 regarding e-filing and new traffic citation models. This may become a part of the CJCC work. Rules amending the procedures for electronic transmission of citations are pending before the Illinois Supreme Court.

Next Meetings:

**March 7, 2013 at 7:45 a.m. – Mission Statement review**

**March 13, 2013 at 7:45 a.m. – CJCC Executive Committee meeting**
