1. Quotations will be received in the office of McLean Co. Engineer 102 S. Towanda Barnes Bloomington, IL. 61705 , until
Name and address of office

10:00 AM on 04/17/20 , for furnishing materials required for 20-09000-00-GM . At that time bids will be publicly read.
Time Date Section Number

2. Quotations will be taken for the time frame of 01/01/20 to 12/31/20 .
beginning date ending date

3. Quotations shall be submitted on this form and enclosed in a sealed envelope endorsed "QUOTATIONS" with the section number.

4. Quotations will

be placed on file and remain firm until the ending date listed in 2 above.

be placed on file and remain firm until revised by the supplier(s).

The suppliers may revised their quotations by registered letter to the N/A
at least five (5) days before the end of the month. Quotations may only be revised by this procedure on a monthly basis. Any changed received will become effective on the first day of the month following notification. When quotations are revised by the supplier(s), the LPA reserves the right to review other accepted quotations and purchase materials from an available source that will result in the "lowest on-the-road cost".

5. The right is reserved by the Local Public Agency (LPA) to reject any an all quotations.

By order of: McLean County Engineer

Signature 	Date 3-25-2020
--	-------------------

The LPA reserves the right to re-advertise for new or additional quotations if not satisfied with the original or revised quotations on file. The original and revised quotations shall remain in effect unless terminated in writing by the LPA to the supplier(s). Purchases will be made only from those suppliers that submitted acceptable quotations at the initial or any subsequent public letting.

It is understood that all material will be tested and approved by the Illinois Department of Transportation. The requirements of the Standard Specifications for Road and Bridge Construction adopted by the Department shall govern insofar as they apply.

The quantities of materials shown are for information only. They represent the best known estimate of material needed. The actual quantities purchased may be increased or decreased by any amount subject to any maximum quantities specified by the supplier. Quotations with limits or conditions shall be rejected.

Add Item

The undersigned agrees to furnish any or all of the above materials upon which prices are quoted at the above quoted unit prices subject to the following conditions:

1. It is understood and agreed that the current "Standard Specifications for Road and Bridge Construction" adopted by the Department of Transportation shall govern insofar as they may be applied and insofar as they do not conflict with the special provisions and supplemental specifications attached hereto.
2. It is understood that quantities listed are approximate only and they may be increased or decrease as needed to promptly complete the work at the above unit price quoted.
3. Delivery in total or partial shipments as ordered shall be made within the time specified in the special provisions or by the terms of acceptance at the point and in the manner specified in the "Material Quotations". If delivery on the job site is specified, it shall mean any place or places on the road designated by the awarding authority or its authorized representative.
4. The undersigned firm certifies that is has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois, nor has the firm made an admission of guilt of such conduct which is a matter or record, nor has an official, agent or employee of the firm undersigned firm further certifies that it is not barred from contracting with any unit of State or Local government as a result of a violation of State laws prohibiting bid-rigging or bid-rotating.

The following Special Provisions supplement the "Standard Specifications for Road and Bridge Construction", Adopted April 1, 2016, the latest edition of the "Manual on Uniform Traffic Control Devices for Streets and Highways", and the "Manual of Test Procedures of Materials" in effect on the date of invitation of bids, and the Supplemental Specifications and Recurring Special Provisions indicated on the Check Sheet included here in which apply to and govern the construction of 20-09000-00-GM GR 3, 4, 7, & 19, and in case of conflict with any part, or parts, of said Specifications, the said Special Provisions shall take precedence and shall govern.

Group 3 – CA-15/16, F.O.B. Pit or Quarry

The aggregate for this group is for general maintenance work during 2020. We will purchase the aggregate from the supplier loaded into our trucks at their pit or quarry. The low bidder will be determined by using a haul rate of 20 cents per ton-mile. The quantity on the material proposal is an estimate of the total amount needed and the quantity may vary. We may accept any portion of this group from any one bidder subject to cost and availability.

The seal coat aggregate shall conform to the requirements of Article 1004.01 and Article 1004.03 for seal coat aggregate CA-15 or CA-16 shall be **Crushed Limestone Only**. The material shall conform to one of the following gradations:

CA-15	CA-16
100% passing the 1/2-inch sieve.	100% passing the 1/2-inch sieve.
75 \pm 15% passing the 3/8-inch sieve.	97 \pm 3% passing the 3/8-inch sieve.
7 \pm 7% passing the No. 4 sieve.	30 \pm 15% passing the No. 4 sieve.
2 \pm 2% passing the No. 16 sieve.	2 \pm 2% passing the No. 16 sieve.

Group 4 - CA-6 or CA-10 F.O.B. Pit or Quarry

The aggregate for this group is for general maintenance work during 2020. We will purchase the aggregate from the supplier loaded into our trucks at their pit or quarry. The low bidder will be determined by using a haul rate of 20 cents per ton-mile. The quantity on the material proposal is an estimate of the total amount needed and the quantity may vary. We may accept any portion of this group from any one bidder subject to cost and availability.

The CA-6 or CA-10 shall conform to the requirements of Article 1004.01 and Article 1004.03 for CA-6 or CA 10 shall be **Crushed Limestone Only**. The material for CA-6 OR CA-10 shall conform to one of the following gradations:

CA-6	CA-10
100% passing the 1 1/2-inch sieve.	100% passing the 1-inch sieve.
95 \pm 5% passing the 1-inch sieve.	95 \pm 5% passing the 3/4-inch sieve.
75 \pm 15% passing the 1/2-inch sieve.	80 \pm 15% passing the 1/2-inch sieve.
43 \pm 13% passing the No. 4 sieve.	50 \pm 10% passing the No. 4 sieve.
25 \pm 15% passing the No. 16 sieve.	30 \pm 15% passing the No. 16 sieve.
8 \pm 4% passing the No. 200 sieve.	9 \pm 4% passing the No. 200 sieve.

GROUP 7 - COLD MIX

The material will be ordered for each maintenance location, as needed, from the responsible bidder whose plant F.O.B. bid price, plus the estimated cost of haul, represents the lowest bidder "on the road" cost to the County. Bidders shall indicate the exact location of their plant. A hauling differential of 20 cents per ton-mile will be used in determining the low bidder per location. On unusual circumstances such as where the lowest bidder's (calculated "on road" lowest bid price) material is unavailable, the material will be ordered from the next (calculated) low bidder. The quantity bid is an estimate of the total amount needed, and the quantity may vary.

Group 19 - Fill Sand

The material for this group is for general maintenance work during 2020. We will purchase the material from the supplier loaded into our trucks at his pit or quarry. The low bidder will be determined by using a haul rate of 20 cents per ton-mile. The quantity on the material quote is an estimate of the total amount needed and the quantity may vary. We may accept any portion of this material from any one bidder subject to availability and cost.

The Fine Aggregate Fill Sand shall be FA-6 gradation conforming to Article 1003.04 and the following:

Natural and manufactured materials used as fine aggregate are defined as follows.

Sand shall be the fine granular material resulting from the natural disintegration of rock. Sand produced from deposits simultaneously with, and by the same operations as, gravel coarse aggregate may contain crushed particles in the quantity resulting normally from crushing and screening of oversize particles.

"Crushed Limestone Will Not Be Allowed."

All materials shall be an IDOT approved material and shall come from an IDOT approved source, meeting Federal, State, and Local regulations and ordinances.

The bidder shall indicate the exact location of the pit, quarry, or asphalt plant they are bidding from.

Materials will not be furnished after December 31, 2020.
